I HEREBY AUTHORIZE THE STAFF AND MEMBERS OF THE ATLANTA URBAN DESIGN COMMISSION TO INSPECT THE PREMISES OF THE ABOVE DESCRIBED PROPERTY. I HEREBY DEPOSE AND SAY THAT ALL STATEMENTS HEREIN AND ATTACHED STATEMENTS SUBMITTED ARE TRUE TO THE BEST OF MY KNOWLEDGE AND BELIEF.

APPLICANT OR AGENT FOR APPLICANT

The Executive Director of the Atlanta Urban Design Commission has reviewed Application # _____ and all the attachments thereto, and finds the proposed work set out on Page Two (on the back of this form) constitutes minor alterations to a principal structure that are visible from a public street and the proposed alteration **does / does not** meet the requirements of Section(s) 16-200 _____. Furthermore, the Executive Director finds the proposed work to be **appropriate / inappropriate** for said protected property.

Therefore, the proposed minor alteration is authorized and this Type II Certificate of Appropriateness is hereby

Approved

Conditions, if applicable: _____

Date

Executive Director. AUDC

DESCRIPTION OF PROJECT:

___ Fence	___ Four (4) feet high or less in front or half-depth front yard. ___ Six (6) feet high or less in side or rear yard. ___ Material is wood or vinyl picket, wrought iron, cast iron, or decorative prefinished aluminum when located in a front or half-depth front yard. ___ When atop a retaining wall, combined height of fence and retaining wall shall not exceed six (6) feet when located in a front or half-depth front yard.
___ Wall	___ Not located in a front yard or half-depth front yard. ___ Six (6) ft. high or less in side or rear yard only.
___ Retaining Wall	___ Constructed of or faced with natural stone or brick. ___ Two (2) ft. high or less when adjacent to a public right-of-way, measured from sidewalk grade.
___ Mechanical or Communication Equipment	___ Located to the side or rear of the principle structure, where least visible. ___ Screened with appropriate plant material or fencing (<i>only if visible from a public street</i>). ___ Communication equipment, i.e. satellite dish located in the least visible location from any core residential street.
___ Skylights and Solar Panels	___ Location is not visible from any core residential street.
___ Shutters and Awnings	___ Appropriate to the architectural style of the house. ___ Shutters are operable or appear operable and fit the window opening. ___ Awnings are fabric or metal.
___ Paving	___ Off-street parking located in the side or rear yard. ___ Driveway is a maximum of ten (10) feet wide, exclusive of flare, and extends a minimum of 20 feet beyond the front façade of the principal structure; or is a driveway coming off an alley. ___ Material is not loose stone or gravel when visible from a core residential street.
___ Deck	___ To rear of principle structure ___ No wider than the width of the house
___ Accessory Structure	___ Located in a side or rear yard within the buildable area of the lot. ___ Does not project beyond the front façade of the principal structure. ___ Rear yard setback is a minimum of three (3) feet, measured from rear property line. ___ Side yard setback is a minimum of three (3) feet; <i>or zero (0) feet when when structure directly abuts an accessory structure on abutting property.</i> ___ Does not exceed 16 feet in height or the height of the principal structure, whichever is less. ___ Does not contain a floor area greater than 25% of the floor area of the principal structure.

ADDITIONAL MATERIALS REQUIRED:

This application must be accompanied by any **relevant materials** to support your project. This may include; a site plan, elevations, photographs or specifications including materials and any other graphic information appropriate for a particular application. Materials Submitted:

- ___ Site plan including relevant dimensions, all existing improvements, and **all** proposed work.
- ___ Relevant photographs of existing conditions.
- ___ Elevation details including existing and proposed materials, scaled sketches, accurate grade lines, and existing and proposed dimensions.
